- Dimensions are in English [Metric].
- Product specifications may change without notice; actual product may vary from the picture.
- The DPM/XDPM is dust and moisture resistant with the foam seal properly in place.
- Material Safety Data Sheets (MSDS) concerning lithium cells are available upon request.
- Additional terms and conditions may apply (for additional information contact a TASER International sales representative or visit online at [www.TASER.com](http://www.TASER.com)).
- The DPM/XDPM is intended solely for use in TASER X26 devices. Any unauthorized use will void the warranty and user assumes all liability.
- Extended warranties must be purchased and installed in the X26 during the active warranty period. The extended warranty will load automatically when the DPM/XDPM is inserted into the weapon. The warranty will not upload if the weapon warranty has already expired.
- The X26 must be stored with the DPM/XDPM inserted at all times. If the DPM/XDPM is left out for an extended period of time, date and time settings may be lost and/or software in the X26 may be damaged.
- Replace the DPM/XDPM when % remaining is < 20%. Continued use at 0% could cause damage to the X26.
